

LABOUR CODE

Information and Consultation - Serbia Legislation

Article 13 of the Labour Law that enables employees to be involved directly or through their representatives to be consulted, informed and to have a saying when it comes to important issues regarding work.

Article 16 of the Labour Law says that the employer is obliged to provide information to employees on working conditions, organisation of work, content of the internal rules at employers, and on rights and obligations of workers that derive from regulations on work and health and safety at work.
